EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

47. The material of claim 26, wherein the material is in the form of a disc, an endless belt, a flapwheel, or a spiral band.

2. The following is an examiner's statement of reasons for allowance:

3. The Amendment submitted on September 22, 2003, has been entered. Claims 2, 3, 5, and 27 have been cancelled. Claims 1, 4, 6, 25, 26, and 28 have been amended. Therefore, the pending claims are 1, 4, 6 – 26, and 28 – 47.

4. The claims are allowable since the prior art fails to teach or fairly suggest using a fusible nonwoven layer between a nonwoven fleece layer and a backing layer where the nonwoven fleece layer is needlepunched to the backing layer, through the fusible nonwoven layer, as set forth in section 16 of the previous Office Action. An updated search produced no new art of record.

5. The above Examiner's Amendment was made to clarify that claim 47 depended on claim 26, as presented in the amendment filed January 6, 2003, and not claim 25. The amendment submitted on September 22, 2003, was unclear due to poor resolution in the faxed copy and the "26" looked like "25" instead. Hence, the claim was amended to recited the same limitations as originally presented, to avoid any errors in the published patent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
